

K-Love is the best radio station my family and I listen to for christian music. K-Love consistently encourages my family with great music and messages and is commercial free. We financially support K-Love monthly because we believe in it and believe it is vital to our spiritual well-being! Please don't let it go off the air!

I know if more people listened to K-Love, crime and drug use would decline in our country. I know a large percentage of christians in Tillamook listen to K-Love daily and support it.
